35-2020-21: Tasmanian Families - Hip Dysplasia Cost Relief Project (RACG)

Description: A genuine and on-going need has been recognised in the Tasmanian community for families with children suffering from hip dysplasia. We've discovered a local (Leanne) who makes specialty chairs for children with hip dysplasia and she loans these out to families at no cost. Leanne is also a hip dysplasia sufferer and understanding the condition she chooses to pay and supply these chairs at her own cost to the families so that they can provide the proper chair for their child. The chairs are endorsed by one of the top 5 surgeons in Australia (Jit Balakumar). We would like to cover the cost for 6 chairs for families in need in our local area.
